DETAILED ACTION

1. STATEMENT OF REASONS FOR PATENTABILITY AND/OR CONFIRMATION

The following is an examiner's statement of reasons for patentability and/or confirmation of the claims found patentable in this reexamination proceeding: The original claims stand allowable for the same reasons as brought forth in the original prosecution. Newly added claims 11-36 are also allowable over the prior art of record since they contain particular structural limitations for supporting handguard elements, without touching the barrel of the firearm, that are not taught in the prior art.

Any comments considered necessary by PATENT OWNER regarding the above statement must be submitted promptly to avoid processing delays. Such submission by the patent owner should be labeled: "Comments on Statement of Reasons for Patentability and/or Confirmation" and will be placed in the reexamination file.

2. This application is in condition for allowance except for the following formal matters:

The original patent has not been surrendered or, alternatively, the application does not contain a statement that the original patent is lost or misplaced.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

3. Claims 1-36 are allowed.
